What is an AC rating?

Laminate Floor's resistance to abrasion, impact, stains and cigarette burns is measured by its Abrasion Criteria (AC) rating. The AC rating also indicates the product has been tested for the effects of furniture legs, castors, and swelling along its edges.

When a laminate flooring product has a rating, then it has passed all of the test criteria.

	AC 1 House, One Person, 21 (Residential, Moderate Traffic: Suitable for bedrooms or guest rooms)
	AC 2 Residential, General Traffic: Suitable for living rooms or dining rooms
	AC 3 Residential, Heavy Traffic: Suitable for all areas
	AC 3 Commercial, Moderate Traffic: Hotel rooms, small office
	AC 4 Commercial, General Traffic: Office, boutique, café
	AC 5 Commercial, Heavy Traffic: Public buildings, department stores
